

essential BOTANICAL

INSECTICIDE

- Kills and Controls Mosquitoes, Ticks, Flies, and Spiders.
- Pleasant Smell.
- For Use in Compressed Sprayers, Mist Blowers, and Foggers.
- For Outdoor, Commercial, Residential, and Ornamental Uses.
- Patent Pending.
- Safe and Effective When Used and Stored as Directed.

ACTIVE INGREDIENTS:	(% by weight)
Cedarwood Oil	10.00%
Sesame Oil	3.00%
Clove Oil	1.00%
Cinnamon Oil	1.00%
Thyme Oil	0.25%
INERT INGREDIENTS*:	<u>84.75%</u>
TOTAL	100.00%

*Butyl Lactate, Glyceryl Monooleate, Polyglyceryl Oleate, Sodium Lauryl Sulfate.

KEEP OUT OF REACH OF CHILDREN WARNING

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle. (If you do not understand the label, find someone to explain it to you in detail.)

FIRST AID

If in eyes:	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • If eye irritation persists: Call a poison control center or doctor for treatment advice.
If on skin:	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15 - 20 minutes. • If skin irritation occurs: Call a poison control center or doctor for treatment advice.

PRECAUTIONARY STATEMENTS

Read label before use. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Protective eyewear and PVC, neoprene, nitrile or other chemical-resistant gloves are recommended, particularly when handling concentrate. Applicator should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.

DIRECTIONS FOR USE

Read entire label before using. Use only according to label Precautionary Statements and Directions.

Shake well before use.

Use to kill and control adult mosquitoes and other pests.

Effectively kills mosquitoes, ticks, flies, and spiders on contact in as little as 24 hours.

For Misting Spray, Compressed Sprayers and Fogging Applications: Ensure sprayer nozzle/heads are selected to provide maximum coverage and ideal droplet size. Mix 0.5 - 2 ounces of this product per gallon of water; agitate to thoroughly mix.

If spraying large volumes, utilize recirculation or agitate periodically during application. For initial applications or when heavy pressure is noted, consider utilizing higher use rates from 2 - 6 ounces per gallon of water. For exceptionally heavy insect pressure or cleanouts the high rate of 6 - 10 ounces per gallon may be used. One gallon of mixture covers 4,000 - 6,000 square feet, depending upon vegetative density in the treatment area.

Reapply every 3 weeks (21 days), or as needed to achieve control. For best results, spray under shrubs, wood piles, leafy areas and anywhere that is shaded with moisture. Spray into trees, including up and under the leaves, where adult mosquitoes hide during the day. Treat harborage areas such as shaded structures, natural areas, and vegetation where mosquitoes may rest. Vegetation around stagnant pools, marshy areas, pools, recreation sites, and shorelines may be treated. Do not spray directly on bodies of water to include lakes, ponds, rivers, or other natural bodies of water. Dilute product may also be sprayed on, swing sets, patios, eaves, windows, doorways, docks, piers, porches, porch lights, and around utility boxes.

Product diluted per this label has not stained, discolored, or caused damage to painted or varnished surfaces, fabrics, or other surfaces in testing. Because not all surfaces were tested, it is recommended that user test treat a small, non-visible area and allow to dry, to determine whether staining or discoloration will occur. If over-spray lands on any sensitive surfaces such as fabric or porous plastics, rinse with water and wipe off with a clean cloth. Liquid soap may be used for clean up if needed. Product has not shown phytotoxicity in testing when used as directed. However, it is impossible to test for all plant types, so if concerned with phytotoxicity and sensitive plants, consider testing in small areas prior to broad use.

This product may also be applied using hand-held, hose-end, or backpack-type sprayers by following dilution directions above and sprayer manufacturer directions.

For best results, do not allow anyone to enter treated areas until spray has dried. Do not spray on food-bearing plants/trees or on food-contact surfaces. Avoid unnecessary release into the environment. Allow mist to dissipate before occupying the treatment area.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Keep container closed when not in use. Store locked up in a cool, dry place away from direct sunlight, extremely high or low temperatures and incompatible materials (strong acids, bases and oxidizers).

DISPOSAL: Non-refillable container; do not reuse or refill this container. Place in trash or offer for recycling, if available. Dispose of contents/container in accordance with local regulations.

LIMITATION OF WARRANTY AND LIABILITY

IMPORTANT: READ BEFORE USE. Read the entire Directions for Use, Conditions of Warranties and Limitations of Liability before using this product. If these terms and conditions are not acceptable, return the unopened product container at once. By using this product, user or buyer accepts the following Disclaimer of Warranties and Limitations of Liability. **CONDITIONS:** The directions for use of this product are believed to be adequate and must be followed carefully. However, it is impossible to eliminate all risks associated with the use of this product. Ineffectiveness, injury, and other unintended consequences may result because of such factors as manner of use or application (including misuse), the presence of other materials, weather conditions, and other unknown factors, all of which are beyond the control of Mosquito Squad. To the extent consistent with applicable law, all such risks shall be assumed by the user or buyer.

DISCLAIMER OF WARRANTIES: To the extent consistent with applicable law, Mosquito Squad makes no other warranties, express or implied, of merchantability or of fitness for a particular purpose or otherwise, that extend beyond statements on this label. **LIMITATIONS OF LIABILITY:** To the extent consistent with applicable law, neither Mosquito Squad, the manufacturer, nor the Seller shall be liable for any indirect, special, incidental or consequential damages resulting from the use, handling, application, storage, or disposal of this product. To the extent consistent with applicable law, the exclusive remedy of the user or buyer for any and all losses, injuries or damages resulting from the use, handling, application, or storage of this product, whether in contract, warranty, tort, negligence, strict liability or otherwise, shall not exceed the purchase price paid.

This product has not been registered by the United States Environmental Protection Agency. Mosquito Squad represents that this product qualifies for exemption from registration under FIFRA Section 25(b).
